EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jovan Jovanovic on June 8, 2006.

The application has been amended as follows:

IN THE CLAIMS:

In claim 10, line 15, "first side edge" has been changed to -- first side seal --.

In claim 10, line 15, "the side edge" has been changed to -- the first side seal --.

In claim 10, line 16, "second side edge" has been changed to -- second side seal --.

In claim 10, line 17, "side edge" has been changed to -- second side seal --.

In claim 11, line 2, "side edge" has been changed to -- side seal --.

In claim 16, line 1, "each" has been changed to -- the --.

IN THE DRAWINGS:

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figure 1, a front plan view, will be modified to depict the hang tabs in phantom and Figure 3 will include reference character 35 and an associated lead line directed to the opening of the front panel. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

3. The following is an examiner's statement of reasons for allowance: the prior art does not teach a bag as set forth in the claims. More specifically, the prior art does not teach a bag having a fitment in a first sidewall, a suspending assembly attached to the second sidewall, wherein the suspending assembly is located such that the bag shifts, or rotates, to allow the fitment to move to an effective bottom of the bag. Wherein it would have been obvious to one of ordinary skill in the art to provide a suspending assembly to bag sidewall opposite the sidewall containing the fitment, there is no indication other than applicant's disclosure that the bag will rotate to allow the fitment to move to an effective bottom of the bag.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
